I'VE BEEN FISHING FOR ABOUT 45 YEARS NOW AND I'VE BEEN NOTICING THAT CERTAIN THINGS MAKE IT MORE AND MORE DIFFICULT TO CATCH A FISH ON THE LAKES AND RIVERS.

ONE OF THEM IS THAT THE HUMAN HAND SENDS VIBRATIONS THROUGH THE FISHING ROD INTO THE WATER. THAT IN MY OPPINION MAKES THE FISH A LITTLE BIT NERVOUS AND MAKES THEM LESS ATTRACTED TO THE BITE. BY PUTTING THE FISHING ROD DOWN WE CAN ELIMINATE THE VIBRATION, HOWEVER WE CAN'T ALWAYS BE THERE TO PICK IT UP AT THE RIGHT TIME.

AND THAT IS WHY I INVENTED "SURE CATCH".

"SURE CATCH" DOES EVERYTHING THAT A LIVE PERSON WOULD DO IN ORDER TO CATCH A FISH, EXCEPT FOR PULLING IT OUT OF THE WATER WHICH IS THE FINAL AND THE MOST FUN THING TO DO.

SO WHILE YOU RELAX AND PAY ATTENTION TO SOMETHING ELSE MY DEVICE IS ALERT AND READY TO CAPTURE A FISH.

WHILE EXPERIMENTING WITH "SURE CATCH" I DETERMINED THAT IT CATCHES 16 OUT OF 20 FISHES THAT WILL GO FOR THE BITE AND ALL THIS IN A PRESENCE OF WITNESSES (THE DEVICE WAS COVERED THROUGH OUT THE PRESENCE OF OTHERS).

I INCLUDE 14 PAGES OF BLUEPRINTS (1 PAGE FOR EACH PART) AND 1 COMPLETE BLUEPRINT, PARTS, FOR THE TOTAL OF 16 PAGES AND THE APPLICATIONS (6 PAGES)

"SURE CATCH" HAS BEEN MY INVENTION FOR THE PAST 10 YEARS. 2 WEEKS AGO I CHECKED CURRENT PATENTS (AT THE LOS ANGELES PUBLIC LIBRARY) AND I DID NOT FIND ANYTHING SIMULAR TO MY INVENTION (IN THE PRESENCE OF WITNESSES)

CZESLAW MAZUR

For the Fish

PARTS: "SURE CATCH" BY: CZESLAW MAZUR

1. CASING
2. PROPELLER SHAFT
3. RIGHT COVER
4. LEFT COVER
5. CASING HOLDERT
6. CLOCKWISE SPRING
7. DRIVEN GEAR
8. CLICK DEVICE
9. FISHING ROD HOLDER
10. HOLDER MOUNT
11. MOUNTING RING
12. INSERT
13. SPECIAL SCREW
14. SCREW AND THE SITTING (HEXAGON)
15. SCREWED NAIL AND THE SITTING (HEXAGON)
16. SCREW
17. NUT
18. SPRING WASHER
